

Advanced Anti-Fingerprint Woodgrains

SatinWood is a premium matte wood-finish laminate designed for vertical interior applications. Featuring a polypropylene-finished overlay bonded to MDF or plywood, SatinWood delivers a clean, contemporary aesthetic with excellent resistance to fingerprints and everyday wear. Its superior processing performance makes it an ideal choice for cabinetry, wall panelling, wardrobes, and custom built-in furniture.

Product Features

High-performance laminate – easy to process, fabricate, and install

Matte wood texture – refined, natural appearance with understated elegance

Low-maintenance surface – fingerprint resistant and easy to clean

Optimised for vertical applications – ideal for walls, cabinetry, and wardrobes

How to Specify.

1.

Choose Your Finish

Select your preferred colour and finish from the Compac Panels catalogue or website.

2.

Confirm Requirements

Determine the date the panels are needed and review current production lead times.

3.

Place Your Order

Email panels@compacgroup.co.nz with substrate, colour, thickness, and quantities you require or set up a trade account and order at www.compacpanels.co.nz

Substrate Options and Thicknesses.

Substrate	Sheet Size (mm)	3	4	4.75	6	9	12	15	16	18	25	30
MDF (Medium Density Fibreboard)	2440 x 1220	✓	✓	✓	✓	✓	✓	✓			✓	
HMR - MDF (Highly Moisture Resistant)	2440 x 1220						✓		✓	✓		✓
HMR - MDF (Highly Moisture Resistant)	2750 x 1220						✓		✓	✓		
INDO Ply	2440 x 1220	✓				✓	✓	✓		✓		
Birch Ply	2440 x 1220									✓		

Restrictions.

May not be used as structural elements in walls and ceilings.

Final application must be in interior conditions.

Must not be exposed to excess moisture or humidity.

Excessive heat of above 75C can cause damage.

SatinWood Panels must be 750mm vertically above and 250mm horizontally from a major heat source.
(Cooking Hobs)

Sustainability.

SatinWood Panels are made using an MDF substrate sourced from sustainable forests and processed by fully qualified FSC and PEFC mills in New Zealand. All plywood is from sustainably grown logs and certified mills. Compac Panels manufactures all products in accord with New Zealand best practice.
